Brookvale Insurance Brokers

Brookvale Insurance Brokers is a privately owned business dating back to 1983. Recently, we celebrated our 25th year in business that commenced here on the peninsula and continues to service the local community with clients located throughout NSW and Nationally.

Our business ethic and philosophy has always been and stems from a practice of "doing it right the first time". We cater for all lines of insurance and varying types and styles of businesses albeit large to small and specialty lines of industry segments.

On a personal note, I have been a long time resident on the Northern Beaches, my wife and I having raised three boys and all continue to put into this lovely region an enjoy the many and varied opportunities that are on offer to us all.

Our involvement in the CC Strikers Club dates back to pre-formation of the two Clubs coupled with many achievements along the way. A stand out has to be when winners of the Champion of Champions Tournament under 12's, some 13 years ago now. Winning goal courtesy of a Timosevski!

I'm confident 2008 will be a formidable year for the Strikers and from the games that I have seen so far, particularly those of the Premier League, the season is shaping up very nicely. Good luck to all the sides competing!

A thank you goes to the Administration of the Club for allowing me the opportunity to advertise through their medium. I would welcome any enquiry and look forward to assisting and achieving a better insurance program for your business.
